

## Fremont Township Cemeteries

### Instructions

1. Locate occupants in the alphabetic listing by last name (Column 1)
2. Look for name in column 2
3. Note the section in column 3 followed by the lot number and position on the lot  
A B C or D
4. Map Locator number in the last column helps you to find the location. For example John Edward Arnold is interred in Union 2, lot 62 position A. The Map Locator Number is 194.
5. Turn on the bookmarks menu if using Adobe reader, and find the Union 2 map that contains the number 194. Click on that map location bookmark and the map will open reading left to right look for the SMALL number that says 194. That will then correspond with the actual lot number 62.

Note: Names showing on the lot are lot owners. They may be interred there but often times occupants are other than the owners. Where a '!' is showing indicated a burial or use of that lot.

A B C D = Burial position (A is always to the North) If a number appears under Map 1  
 Locator, location can be found on computerized maps.
